Trees for Life

Rewilding the Scottish Highlands  
Ath-fhiadhachadh na Gàidhealtachd

RBH are working in partnership with Trees for Life to create a grove as part of our Giving Something Back commitments.

The trees in this grove will be carefully planted in protected sites in the Scottish Highlands where they will create homes for wildlife and forests for the future.

Your conference donation of £5 per person will be subsidised by DoubleTree Hilton Edinburgh City Centre by £1 per person and will plant one tree.

Just think what a difference your one tree per delegate will make to the local environment.
